**Size:** 595 x 595 mm

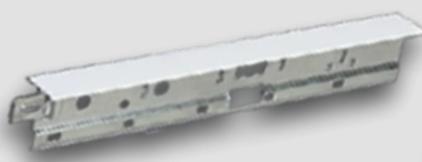

**Thickness:** 4 mm

## PVC LAMINATED CEILING BOARD

# Jumbo T-GRIDS

The Backbone of Stunning PVC Laminated Ceilings!

## Main Tee

Main T-Grids serve as the foundation of suspended ceiling systems, providing structural support and defining the layout of the grid.

## Cross Tee

Cross T-Grids intersect with Main T-Grids at right angles, ensuring uniform spacing and alignment throughout the ceiling system.

## Wall Angle

Wall Angles are L-shaped metal profiles installed along the perimeter of the room, where the ceiling meets the walls.
