# T-GRIDS

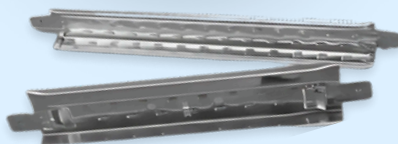

## THE BACKBONE OF STUNNING CEILINGS!

Transform your space with Jumbo Ceiling T-Grids, the ultimate choice for durability, precision, and aesthetics.

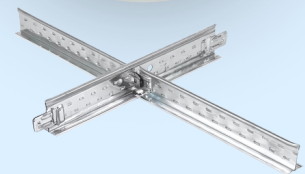

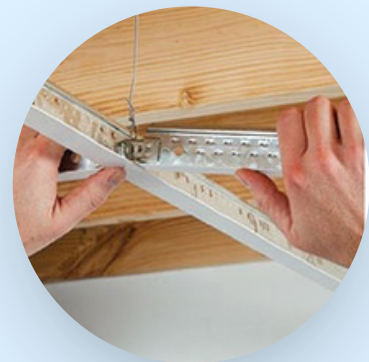

### WALL ANGLE

Wall Angles are L-shaped metal profiles installed along the perimeter of the room, where the ceiling meets the walls.

### MAIN TEE

Main Tee serve as the backbone of suspended ceiling systems, providing structural support and defining the layout of the grid.

### CROSS TEE

Cross Tee intersect with Main Tee Grids at right angles, ensuring uniform spacing and alignment throughout the ceiling system.
